June 12, 2017

Dear Mr. Bowes,

I am writing to confirm that the Trumansburg Central School District does have capacity to absorb the additional enrollment After reviewing the Hamilton Square proposal and various projected numbers (as high as 71) for students who may enroll in the Trumansburg Central School District.

My confirmation is based on our current enrollment of 1068 students as of June 3rd, 2017 (including Pre-K) and the fact that our district has served enrollments of 1275 within the past ten years.

Please contact me if you have any questions.

Best Regards,

Superintendent
